**Wilderness and Wildlife Defenders Award Presentation:**

***A World where the Environment Doesn't Need Protecting***

Christyann Olson, AWA's recently retired executive director and Cliff Wallis, AWA Board Member, look forward to a conversation and evening of telling AWA's stories of seeking that world. Christyann is known for her dedication to AWA's vision for inspiring others to care. Her personal passion for making a difference is founded in the belief that we can create a world where people are inspired to protect our environment. Telling some of AWA's stories is the first in the 2021 series of Martha Kostuch Annual Lectures.

AWA's 2021 Martha Kostuch Annual Lecture will honour Christyann's vision and her 21 years as our executive director with the presentation of AWA's prestigious Wilderness and Wildlife Defenders Award. Please join us to hear the stories of AWA's time with Christyann.
