Dear AWA Supporter,

The Spring 2022 issue of AWA's Wildlands Advocate launches a new era. Ian Urquhart has resigned as our long-standing Editor and we sincerely thank him for his years of service.

As you begin reading this Wild Lands Advocate you will be immersed in our Grasslands and Prairie from the striking cover photo to comprehensive accounts of projects that threaten native prairie and vital habitats to the untiring dreams of advocates and conservationists. We invited our colleagues from Nature Canada to offer a perspective on the Halt and Reverse Nature Loss initiative in an Op-Ed. The issue includes a number of authors who will help you learn more about wild Alberta, the people who defend it and why your support is making a difference in their work and in the passion they feel.

The AWA Board of Directors and Staff Team hope you will enjoy this issue. For those of you who receive the Wild Lands Advocate by mail, it will be in your mailboxes next week. The online version is found here: [Wild Lands Advocate - Alberta Wilderness Association](#)

Best wishes on this fine spring day!

Jim
