Happy Earth Day!

Rocky Mountain Adventures Await!

Dear Adventurer,

It is Earth Day! We hope you take a few moments to celebrate today, celebrate our clean air, fresh water, great open spaces, and towering mountains. Earth, just one of myriad planets, is our only home and we are so fortunate that so many care and work for a legacy of wild spaces and wildlife that we will enjoy and celebrate for years to come.

Earth Day matters enormously to AWA. We have, for each of our 56 years, made time to step back and think about the work we do. Earth Day is a time to

reflect on what so many outstanding folks - folks like you have achieved. Those we affectionately call prairie fairies, fish kissers, and tree huggers have made such a positive difference to AWA and Alberta.

When our founding members met to talk around a kitchen table about what they were seeing on the landscape, to talk about the things that worried them, the wildlife that was threatened, the health of our streams and clean air, their vision was that together we would make a difference. Indeed we have.

AWA's Adventures for Wilderness website is filled with [Adventures for everyone](#) to join in the coming days, weeks and months! We hope to see you there!

Our best to all of you on this fine day and for the coming year,
Christyann Olson, Carolyn Campbell, Phillip Meintzer, Devon Earl, Ruiping Luo, Sean Nichols and Lindsey Wallis on behalf of your AWA Board of Directors and all the volunteers and supporters that make Adventures for Wilderness possible.

p.s. remember to follow us on Social Media - the links are at the bottom of this newsletter.
