**Attention: Phillip Meintzer**

Dear Sir:

**RE: Request for Reconsideration of Suncor’s McClelland Lake Wetland Complex (MLWC)  
Operational Plan for the Fort Hills Oil Sands Project  
By Alberta Wilderness Association (AWA)  
Suncor Energy Inc. (Suncor)/Fort Hills Energy Corporation (Fort Hills)  
Request for Reconsideration No.: 1942728**

The Alberta Energy Regulator (AER) is in receipt of Suncor’s letter dated June 16, 2023, which appears to have been sent to you.

In its letter, Suncor submits that AWA’s reply submissions dated June 9, 2023 contain new information not previously introduced or referred to in this proceeding, or placed on the public record. Suncor notes “in regulatory and court proceedings, as a matter of procedural fairness, new evidence cannot be introduced in a party’s reply submissions.” The specific documentation and references that make up the new information are set out in Suncor’s letter.

Suncor requests the AER disregard the new information in its entirety and not give any weight to it in making its decision on whether a reconsideration should be granted. In the alternative, if the AER decides to consider the new information, Suncor requests that it be given an appropriate opportunity to respond to the new information.

If AWA would like to provide submissions regarding Suncor’s request, please provide them by **4:00 p.m. Friday, June 23, 2023**.

The parties are requested to direct all communications relating to this matter to the Regulatory Appeals Coordinator by e-mail at [RegulatoryAppeal@aer.ca](mailto:RegulatoryAppeal@aer.ca). Further, **the parties are requested to copy each other on all communications relating to the reconsideration.**

Sincerely,

Pam Tongsrinark  
Legal Assistant
